

## Final Week Online Timetable

Monday 13<sup>th</sup> July

Pupil Reflection Task	Think of a 'highlight of the year' - something brilliant that you have done or seen this year. It could be a funny memory or an achievement you're proud of during your time at school this year. Create a video, drawing, photo, poster, whatever you fancy making. Be prepared to talk about them! Share it to your class Challenge Week Padlet (see below)
Padlet is an easy and secure way of sharing our ideas and our work. You do not have to register or download any app; just <a href="#">click here</a> and upload your thoughts, a short video or an image of your work.	
<b>THE PARENT BIT:</b> please support your child to add appropriate content. All posts will be moderated before they appear online so there may be a short delay in seeing them.	

Tuesday 14<sup>th</sup> July

End of Year Online Get-Together	Join a Microsoft Teams meeting with your current class teacher to look back and celebrate the current year. We will be looking back at the Padlet you created yesterday and you may get the chance to say a few words yourself to your teachers and to your friends. See you there!  To join the Meeting <a href="#">click here</a> at 1.30pm.
<b>Tips for a successful Teams Meeting</b> Stay with your child in the room to support them technically. Keep the microphone on 'mute' until it is your turn to talk. Use the chat function to ask any questions and please ensure comments are appropriate and related to the task Put your hand up' using the small hand icon on the screen if you want to speak.  Hopefully, the meeting will work as it should at the first time of asking but please don't worry if you have problems joining in - we will try to record the sessions for later use.
